Profile

I'm a data analyst passionate about turning complex datasets into actionable insights. At PwC India, I analyze financial and operational data to drive business optimization. Prospective master student at John Hopkins - Information Systems. Strong in C++/Python, machine learning, and data science. I have experience in AI agents, solving multi-step problems. Exploring terminal benchmarks for AI agents LLM.

Education

M.S. in Electrical Engineering & Computer Science **Aug 2026 - Present**

John Hopkins University, MD

B.E. in Electrical Engineering & Computer Science **Aug 2018 – May 2022**

Chandigarh University, India

GPA: 8/10

Research & Industry Experience

Software Engineer - Domain Expert **June 2026 – Present**

xAI - Remote

India

- Contribute to AI model training initiatives by curating code examples, offering precise solutions, and providing meticulous corrections in specialized programming languages.
- Evaluate and refine AI-generated code, ensuring it adheres to industry standards for efficiency, scalability, and reliability.
- Worked with Terminal-Bench 2 and Terminal-Bench 3 and SWE Benchmarks for AI agents.

Data Analyst **June 2024 – June 2026**

PwC - Gurugram, Haryana

India

- Engineered and optimized data pipelines utilizing SQL and Python to extract, transform, and load (ETL) massive datasets from disparate sources.
- Performed rigorous data cleansing, validation, and quality assurance.
- Developed predictive models and statistical analyses to identify operational bottlenecks and performance trends.

UI/UX Designer **Nov 2022 – June 2023**

Behance - Freelance

Remote

- Worked with React web, and iOS design for responsive applications.

Full Stack Engineer **Apr 2022 – Apr 2024**

Capegemini - Bangaluru, Karnataka

India

- Developed modern web applications using Typescript/Javascript, ReactJS, Angular, and/or NodeJS

Other Activities (2014 onwards)

- Conducted a GIAN course on “Robust PCA and its applications” with guest faculty Dr. Namrata Vaswani, Professor, Iowa State University, USA in December 2017.
- Organized (along with Dr. Namrata Vaswani, ISU and Dr. Selin Aviyente, MSU) a 2-day dedicated symposium on “Big Data Analysis and Challenges in Medical Imaging” in IEEE GlobalSIP 2016 conference, Washington DC, USA from Dec. 7 – 9, 2016.
